## Summary

Detail-oriented Front-End Developer with over 4 years of experience delivering high-quality, responsive, and accessible web applications. Proficient in HTML, CSS, JavaScript, and jQuery, with a strong track record of optimizing website performance and enhancing user experience. Additionally, knowledgeable in databases and Oracle APEX, which adds valuable versatility in integrating and collaborating with back-end systems. Passionate about clean code, usability, and continuous learning. Currently working as a Front-End Developer at 700Apps since September 2024, and actively seeking new challenges to contribute to innovative and impactful digital projects.
